SECOND PETITION UNDER 37 C.F.R. 1.47(a)

Sir:

Applicants' representative hereby petitions the Commissioner under 37 C.F.R. §1.47(a) for the acceptance of a declaration/power of attorney for the above-identified reissue application executed by one of the three inventors, Carl J. Pacifico, on behalf of his joint inventors, Wen-Hsin Wu and Marta Fraley, who have not signed the required declaration.

The non-signing inventors have refused to sign the declaration. The pertinent facts are recounted in the accompanying "Declaration" signed by Susan A. Sipos, Registration No. 43,128, of Hoffmann & Baron, LLP, Attorneys for the Applicants. A summary of the pertinent facts follow.

On December 11, 2001, a letter was sent via certified mail to Wen-Hsin Wu at her last known address, 17 Anna Court, Middletown, New York 10941. Additionally, on December 11, 2001, a letter was sent via certified mail to Marta Fraley at her last known address, 804 Cooley Road, Parksville, New York 12768.

Enclosed with each December 11 2001 letter, was a copy of the above-identified reissue application, for which Wen-Hsin Wu and Marta Fraley were named as co-inventors, including

11/20/2003 LABELR1 00000015 09996636

the specification and claims; and an Amendment to the application. A combined declaration and power of attorney was also enclosed pertaining to the reissue application. Wen-Hsin Wu and Marta Fraley were each requested to sign, and then return the combined declaration and power of attorney to Applicants' representative for filing with the United States Patent and Trademark Office. The letters sent to Wen-Hsin Wu and Marta Fraley were returned and marked "Unclaimed".

On March 28, 2002, a Petition under 37 CFR 1.47(a) was filed with the Patent and Trademark Office relating the above facts. The Petition was granted on May 13, 2003, thereby accepting the declaration/power of attorney which was executed by only one of the three inventors. The document granting the Petition is attached as Exhibit A.

On August 8, 2003 an Office Action was issued by the Patent and Trademark Office. The Office Action stated that the original reissue declaration/power of attorney was defective because the declaration did not "identify a single word or phrase or expression." The Applicants drafted a new declaration/power of attorney and received preliminary approval of same by the examiner assigned to this case, Examiner Samuel Acquah.

On September 29, 2003, a letter was sent via certified mail to Wen-Hsin Wu at her last known address, 17 Anna Court, Middletown, New York 10941. Additionally, on September 29, 2003, a letter was sent via certified mail to Marta Fraley at her last known address, 804 Cooley Road, Parksville, New York 12768. A copy of the letter sent to Wen-Hsin Wu, along with a copy of its envelope marked "Unclaimed," is attached as Exhibit B. A copy of the letter sent to Marta Fraley, along with a copy of its envelope marked "Unclaimed," is attached as Exhibit C.

Enclosed with each September 29, 2003 letter, was a copy of the above-identified reissue application, for which Wen-Hsin Wu and Marta Fraley were named as co-inventors, including the specification and claims; and an Amendment to the application. The new combined declaration and power of attorney was also enclosed pertaining to the reissue application. Wen-Hsin Wu and Marta Fraley were each requested to sign, and then return the

new combined declaration and power of attorney to Applicants' representative for filing with the United States Patent and Trademark Office.

Applicants have made a *bona fide* attempt to present the application papers to Wen-Hsin Wu and Marta Fraley for their signature. Wen-Hsin Wu and Marta Fraley have refused the certified letters, and thus *ipso facto* refused the request that they sign the declaration. Therefore, they have refused to join in the application.

In view of the foregoing, Applicants respectfully request this second petition under 37 CFR 1.47(a) be granted.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'S. Sipos', is written over a horizontal line.
